SPORTS CAR PROTECTION

Ultimate in
Paint Protection

The best in Car Paintwork
UK's finest detailers.

after a thorough wash, we will
polish the paintwork to remove light scratches and imperfections.

This light correction process brings the paintwork back to a nice high gloss shine and finally to protect that finish we then add the latest in ceramic coating technology. (please note if your paintwork is heavily scratched or is covered with swirl marks you will need our paintwork restoration detail)

You have a choice of 3 ceramic coat finishes, our standard ceramic which will last circa 3 years on a daily driver, a double layer lasting up to 5 years or our new triple-layer ceramic which can last up to 7 years, we can discuss these options when you contact us to book your car in.

White-Label

We don't
say who our
white-label
client's are,
or **mention**
their work.

One of our special talents is supporting agencies with white-label services. Extending their team with our trusted guys and gals to deliver client projects on-time, to a high standard.

We offer fully managed or development only options.

Fully Project Managed

We can handle the full delivery of a project including meetings, phone calls, sprint & assets management of deliverables from those involved.

Get direct access to our team with a dedicated Slack channel, putting our knowledge & experience on-tap to your team.

The image displays five mobile app screens, each representing a different section of a project management tool. The screens are arranged in a grid-like fashion, with the first four columns showing task lists and the fifth column showing a sidebar menu.

- UAT Screen:** Shows a task titled "Latest bundle showing the wrong product names against pictures" with a status of "On-Hold". Below it, a "BUG - Incorrect delivery dates available" is marked as "On-Hold". Further down, a "Load Time Test" is marked as "In-Progress" with a status of "1/1". At the bottom, another "BUG - delivery date missing on some orders" is marked as "In-Progress" with a status of "37".
- Passed Screen:** Shows a "Collections Template" task with a status of "2/3". Below it, a "Default coupon management" task is shown. Further down, a "Change Hero image in Covid19 notice page" task is shown. At the bottom, a "BUG - Random numbers at the bottom of the checkout page" is shown.
- Committed Screen:** Shows a "Cookie Policy Bar" task with a status of "5/5". Below it, an "Accept Cookie consent" task is shown. Further down, a "Customer Integration" task is shown. At the bottom, a "Google Tag Manager / Data Layer" task is shown.
- Done / Si Screen:** Shows a "Website / Si" task. Below it, a "General S" task is shown. Further down, a "Payme" task is shown. At the bottom, a "Post Laur" task is shown.

Each screen includes a header with the section name, a list of tasks with their status, and a bottom bar with a "+ Add another card" button. The screens also feature various icons for comments, likes, and other interactions.
